Greetings from Denmark!

We are a team of 33 passionate ice hockey players, all born in 2010 and 2011, competing in two divisions: U16.1 and U16.2. We have 4 talented girls on the team, and one of them is a goaltender. In total, we bring 3 goalies to the ice. Our players have between 5 and 12 years of experience, and what truly defines us is our strong unity and friendships across all skill levels. Last season, our U16.1 team finished 3rd in the Danish Championship, and the year before that, we proudly claimed 2nd place.

We are part of Rungsted Ishockey Klub, one of Denmark's oldest and most respected hockey clubs, known for its deep-rooted traditions and strong community spirit. Across all teams in the club, there is a fantastic sense of togetherness, and our players form friendships that go beyond the rink.

We travel with 3 experienced coaches and 3 dedicated team leaders. Our coaches are all well-known profiles in Danish hockey – one has even played internationally and represented the Danish National Team.

Fun Facts About Danish Ice Hockey

- Denmark is a small but proud hockey nation, with about 6,200 registered players and 18 clubs across the country.
- Because of our size, youth teams combine two birth years to create competitive and balanced divisions.
- Danish hockey has grown, and for the second time in history, Denmark will compete in ice hockey at the Winter Olympics this year
- We are incredibly proud of our Danish NHL players, who have shown that even a small country can produce world-class talent.
- Hockey in Denmark is built on strong volunteer-driven clubs – we are a country where community and teamwork matter just as much off the ice as on it.

We are not just a team – we are a family. We believe in hard work, fair play, and having fun together, and we look forward to sharing this spirit with the clubs we visit. Hockey connects us across borders, and we can't wait to meet new friends and create unforgettable experiences.
