

2014 WORLD JUNIORS TOUR TESTIMONIALS

Here are some of the many positive comments that we received from our fellow Canadian hockey fans that joined the Azorcan 2014 World Juniors Tour to Malmo, Sweden.

The experience of a lifetime! Paul's outstanding organizational skills and his caring personality made our trip to the 2014 IIHF World Juniors in Sweden a wonderful family experience. The accommodations, busses, hockey games and seating were excellent and all 86 of us were proud to wear our special Azorcan Polar Bear jerseys. The Sweden and Copenhagen tours were fantastic; the fireworks at Malmo's New Year's Eve celebrations were truly unforgettable. A champagne toast to a job well done!!

Just wanted to send a note to thank you and your colleagues for a great trip and experience! We all really enjoyed the trip and miss Malmo a lot. We all really had a great time. The trip was really well organized; the excursions were fun and interesting and we really appreciated how you guys added in the extras of the jerseys, the Team Canada memorabilia and the extra bus trips to/from games, etc. Well done!

Paul, I just wanted to take a moment and indeed say a huge "thank you" on behalf of myself and my son Daniel. We both felt you went out of your way to ensureand I'll use your words...that everyone got value for their money. We had in my son's words – "the trip of a lifetime" and created some incredible memories together of the World Juniors in Malmo.

Just wanted to say thanks again for putting together the trip to Malmo, it was such a great time. Michelle mentioned more than once to me how she was having so much more fun than she expected. Originally we had the mindset that this was going to be a "once in a lifetime" trip; but now we are seriously considering Finland as a possibility for 2015/16.

Jay Reid - Edmonton, AB - World Juniors 2014 Malmo
